

**North Carolina State University Phytotron
2013 Station Report for NCERA-101
Carole H. Saravitz**

1. Impact Nugget:

New Facilities and Equipment. The NC State Phytotron is in the process of constructing a BSL3 laboratory with a greenhouse on the third floor.

Accomplishment Summaries. Draft one to three short paragraphs (2 to 5 sentences each) that summarize research or outreach accomplishments that relate to the NCERA-101 objectives (see below). Please use language that the general public can readily comprehend.

Impact Statements. Please draft 2 or 3 impact statement summaries related to the NCERA-101 objectives (listed below). Statements should be quantitative when possible and be oriented towards the general public. This is perhaps the most difficult yet most important part of the report. Two examples are listed below.

Published Written Works. Include scientific publications, trade magazine articles, books, posters, websites developed, and any other relevant printed works produced. Please use the formatting in the examples below.
